Sandwich Isle Pest Solutions Wins People's Choice Awards

6/19/2008

HONOLULU — The Best of the Best Awards represent what readers of the Honolulu Advertiser have designated as top performers in 150 award categories. These readers determine award winners by selecting top picks in each category and submitting their votes.

In the past three years since the program began, **Sandwich Isle** has earned a second place position in 2007, and the first place position for 2008.

"I would like to say thank you to all of our customers and employees for making us the first place winner of the 2008 Best of the Best People's Choice Awards. We realize that being recognized as the best pest management company in Hawaii is truly an honor which could only have been achieved through the efforts of our dedicated staff and loyal customers. Thank you for your much appreciated support," said Michael Botha, President of Sandwich Isle Pest Solutions. "Having immigrated to America with less than \$2,000 and starting Sandwich Isle as a one-man operation almost twelve years ago, I am a great believer in the American dream.

"Our mission statement notes that 'Our ultimate goal is to be recognized as the best service company in our industry,' and this first place award shows we are on the right track," he said.
